

“Managing Your Career in 2010” – February 25 Brown Bag Lunch

As a new service to our members, SEAIOI will offer periodic sessions that will help our members and friends better manage their careers. Join us for the first session at noon on February 25 in SEAIOI’s conference room (134 N. LaSalle) to meet with career coach David Kaiser.

Dave will discuss why it is essential for all professionals to manage their careers and make sure their activities are in alignment with their long-term goals. He’ll also share critical information on what steps we need to take to make sure we’re “managing our own brand.” Career management includes focusing on the type of expertise one wants to develop, pursuing continuing education opportunities, networking, and a number of other activities.

This event is geared toward design professionals and is available to non-SEAIOI members as space permits.

There is no charge for this session but advance reservations are necessary. Feel free to bring a brown bag lunch.
