

WIND LOADING AND WIND ENGINEERING

February 28, 2012

The Structural Engineering Association of Illinois will host a seminar, to be presented by Drs. Peter Irwin, Ph.D., P.E. and Jon Galsworthy, Ph.D., P.E. of RWDI, wind engineering and wind tunnel testing consultants in Guelph, Ontario. Both speakers have experience in wind engineering, including extensive research and consulting in wind loading, aeroelastic response, wind tunnel methods, and instrumentation.

The seminar will provide 7.5 hours of continuing education credit. Attendance at the full session is required for continuing education credit. Registration and a continental breakfast begin at 7:30 am. The workshop will run from 8:00am until 5:00 pm, with lunch from noon to 1:00pm (included in cost of seminar).

Reservations are required. Contact Donna Childs at (312) 726-4165 x 200 or office@seaoi.org, or visit <http://www.seaoi.org>.
